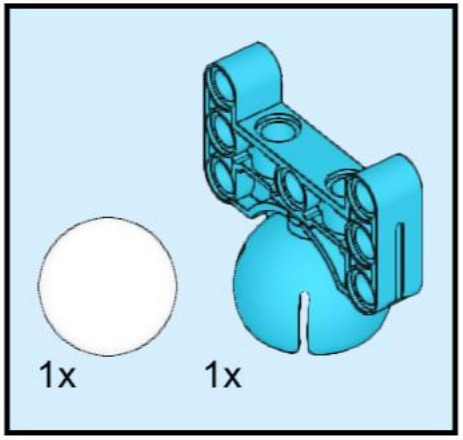
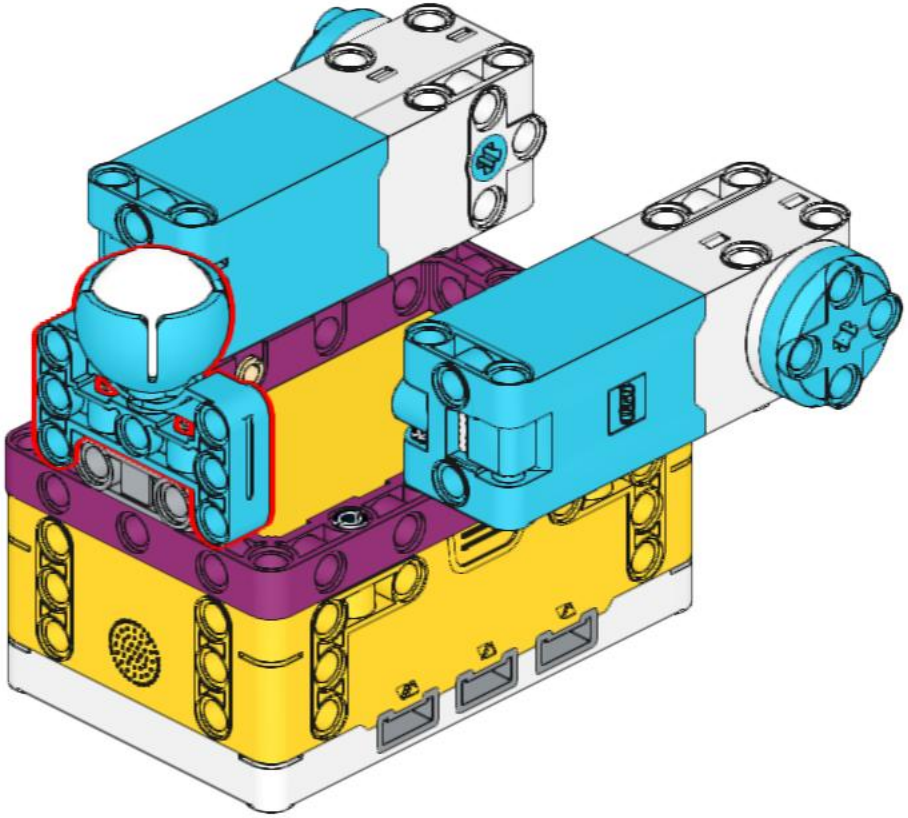
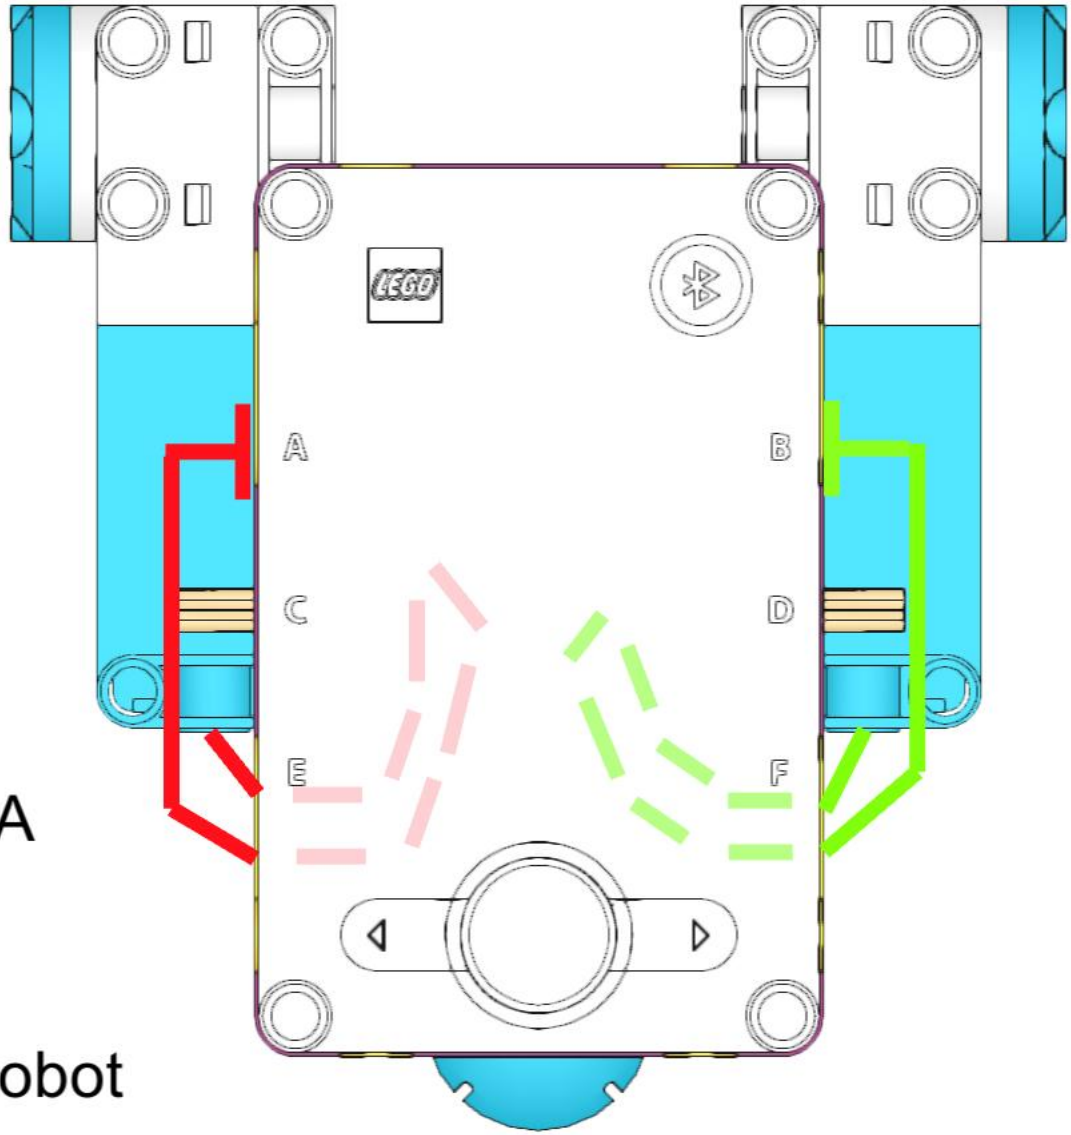
6





BRICKULUM

7

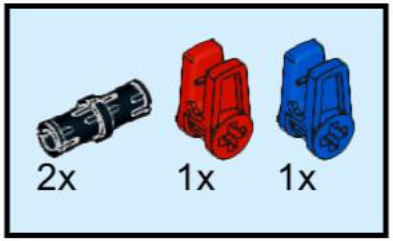


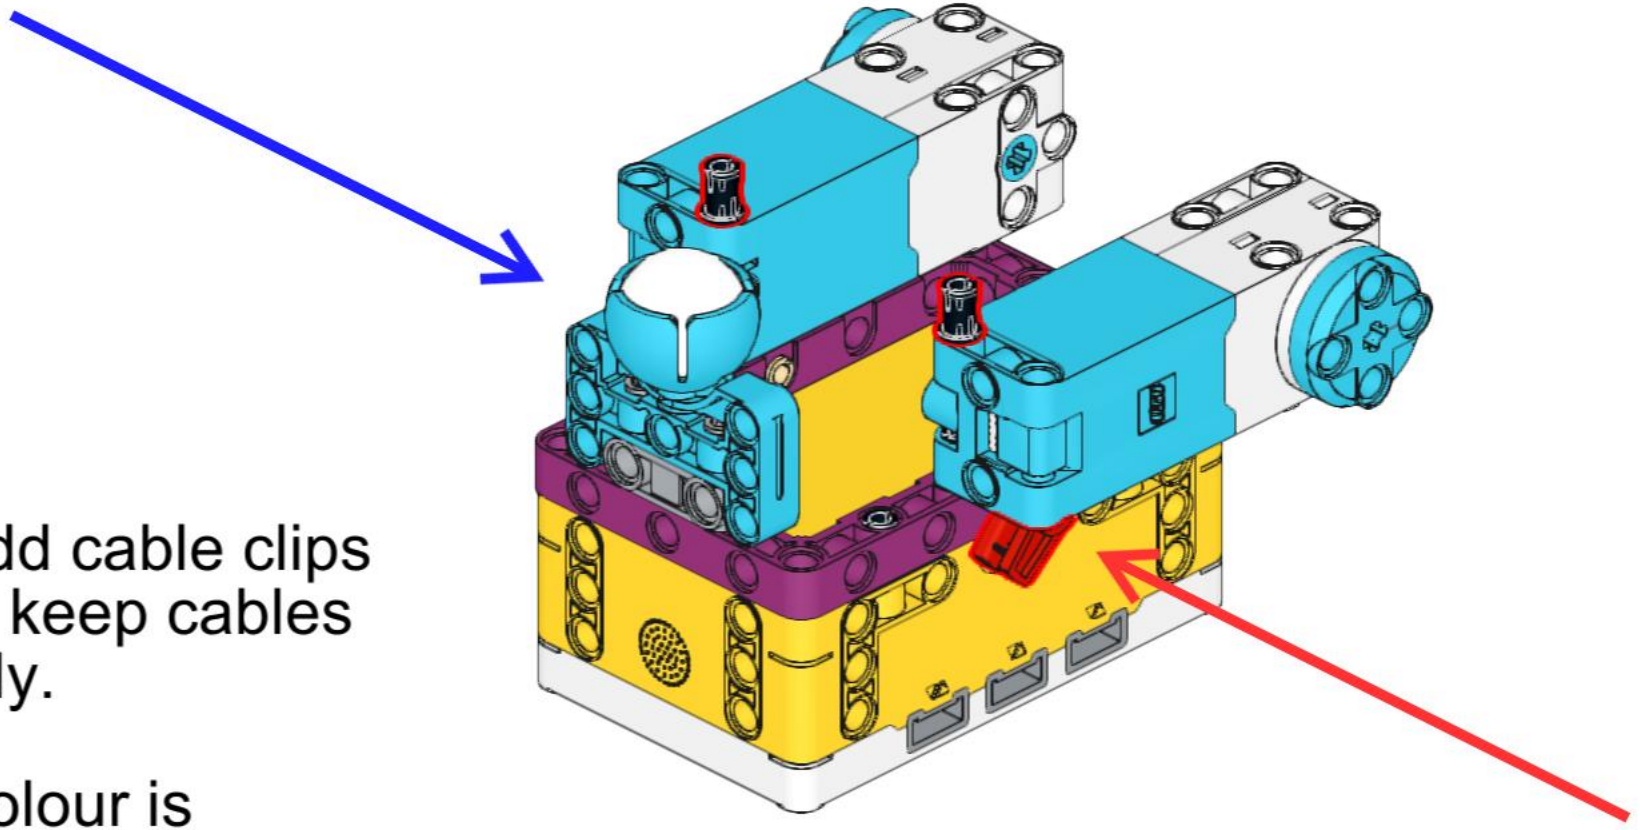
Plug left into A
Right into B.

Run excess
cable under robot
in between
motors.

BRICKULUM

8



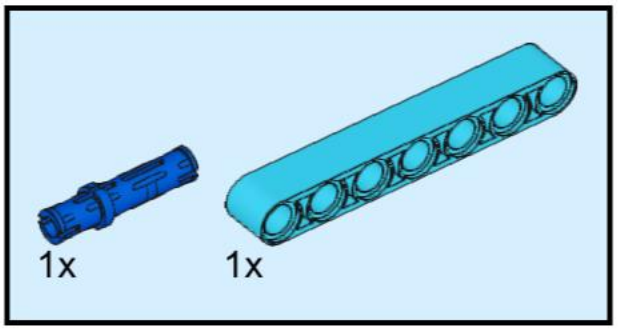


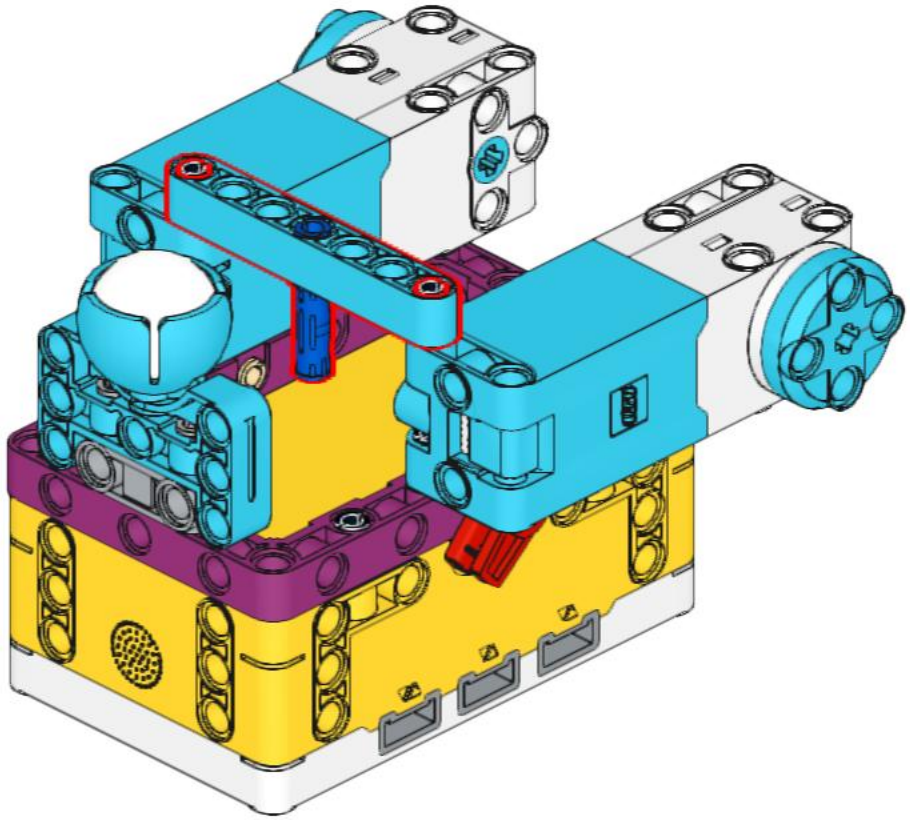
Add cable clips to keep cables tidy.

Colour is unimportant.

BRICKULUM

9





The blue pin helps keep the excess cable under the robot.

BRICKULUM

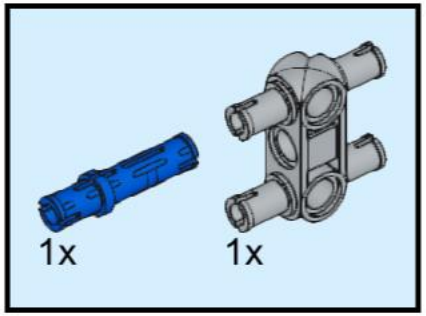
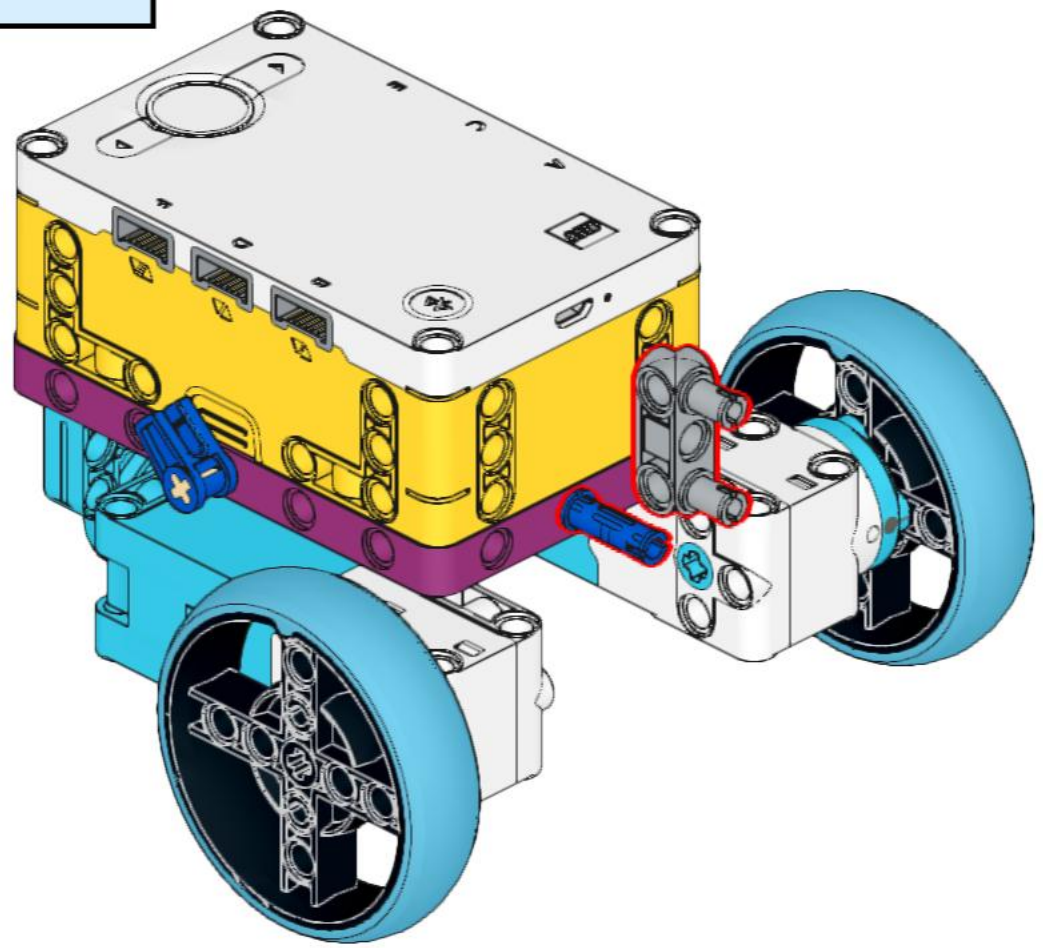
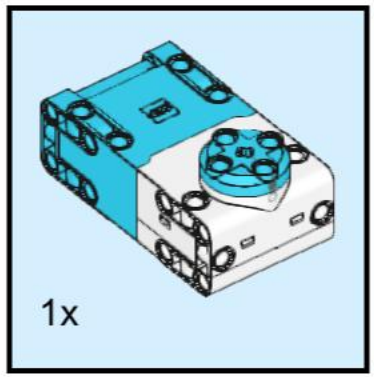
12

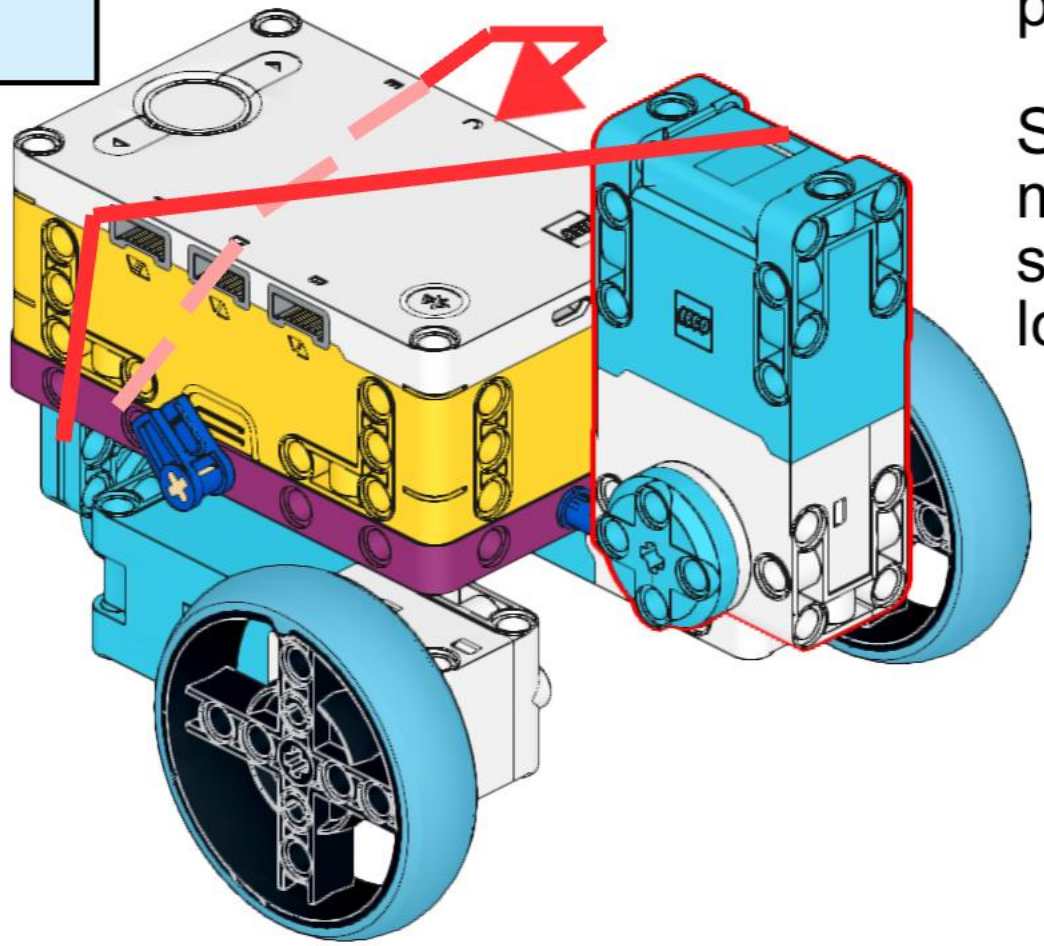




BRICKULUM

13





Run the cable over the robot, undert the body and around to port C.

Students may move this motor, so we've kept it loose but tidy.
